The **10th anniversary conference** of the AIDA Polish Branch will be an outstanding and unique event held in **Gdańsk from 3 to 4 June 2022**.

The conference will bring legal scholars and practitioners together, so as to explore and discuss the legal and regulatory issues concerning judicial and extrajudicial methods of dispute resolution in insurance. The event will be an opportunity to meet science with practice, integrate the environment, as well as to encourage young people to become more interested in legal and insurance issues.

TOPICS

The conference “Judicial and extrajudicial methods of dispute resolution in insurance” should cover some of the following topics:

- overriding mandatory rules in international insurance contracts;
- jurisdiction issues in insurance matters;
- judicial resolution of insurance disputes – Polish and foreign experience;
- applicable law, uniform law and the judicial resolution of insurance disputes;
- insurance uniform law as a remedy for common court and arbitration difficulties;
- solving disputes at the stage of loss adjustment proceedings;
- ADR (alternative dispute resolution) in insurance relations;
- “The Youth panel”*** (AIDA invites students and young academics/practitioners people up to 30 years of age, unless they have a doctoral degree to submit their abstracts also within these topics) – this panel is provided in English.

Due to the international character of the conference, it will be bilingual. Therefore, we plan panels in two languages - Polish and English. For that reason it is possible to present in one of them.
