### **PROHIBITION OF UNFAIR COMPETITION FROM THE PERSPECTIVE OF LEGAL ETHICS**

The prohibition of unfair competition is an issue which in the sphere of economic relations still arouses great interest. What is more, it is also a subject of research constituting a part of legal ethics. This fact is obvious at least because the market of legal services is still subject to numerous changes and influences of economic nature, which can be answered only by a consistent adherence to ethical standards. The article is a preliminary attempt to present the issue of unfair competition just from the perspective of legal ethics.
